

GOLD FOR CAMPBELL LEE IN THE SYMANTEC VAULT!

Campbell Lee Computer Services has signed a partnership agreement with Symantec for its enterprise vault email archiving products. The Scottish IT company is now Gold level-accredited, making it the only Gold Partner in Scotland.

Campbell Lee's Marketing Manager Brian Young said: "We're delighted to be Symantec's sole Gold partner in Scotland. We only started selling Enterprise Vault at the beginning of the year, so achieving Gold status in this very short time reflects our commitment to this excellent product.

Ross Walker, Territory Partner Manager for Symantec expands: "Campbell Lee have more than 28 years experience in servicing the public and private business sector and I am delighted to welcome a company of this stature to the channel. Their commitment to achieving Gold level accreditation in such a short time has been outstanding.

"I'm confident the partnership will be mutually beneficial, allowing us to develop new opportunities and grow our business "
